Re: Supplemental Exhibits to Notice of Agency Action, Emery Industrial Resources, Inc. Cherry Hill Park Mine, M/49/021, Utah County, Utah

Dear Mr. Powell:

We have reproduced and enclosed copies of certain maps and photographs pertaining to the Cherry Hill Park Mine. On May 28, 2003, we plan to introduce some, or all of these exhibits as demonstrative of the testimony to be presented to the Board at their regularly scheduled hearing in Salt Lake City, Utah. Maps that were prepared and submitted by the applicant as part of the permit application process, may also be introduced at the hearing. These maps are to large to reproduce, but are on file in the Public Information Center at the Division's Salt Lake City office.

If you have questions or concerns regarding these exhibits, please contact me, or Lynn Kunzler of my staff, at (801) 538-5286, and 538-5310 respectively.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
